

Bureau of Water and Wastewater Division Chief III – Surface Water Management

Job Summary

A great career opportunity awaits you at the Baltimore City Department of Public Works, (Maryland). We are currently seeking qualified candidates for the position of Division Chief III to lead the Surface Water Management Division of the Bureau of Water and Wastewater.

This exciting opportunity involves such vital environmental activities as reducing trash and other pollutants in our streams, harbor and the Chesapeake Bay, reconstruction and restoration of waterways and wildlife habitat, urban greening, storm water infrastructure rehabilitation and implementation of best management practices for surface water runoff.

The Division Chief will be actively engaged in planning and directing Surface Water Management activities. The successful candidate will direct employees engaged in sampling water, identifying sources of water pollution and designing and overseeing implementation of capital improvement projects to eliminate identified pollutants. The candidate will also be responsible for overseeing the fiscal management of the Division, authorizes all major expenditures and directs the requisitioning of equipment, materials and supplies.

Job Requirements

A bachelor's degree in civil or environmental engineering and 7-10 years experience in water purification work including 3-5 years supervisory and project management experience. A master's degree in civil or environmental engineering may be substituted for one year of the experience requirement. A Professional Engineer license is required and a valid Maryland Class C noncommercial driver's license or an equivalent out-of-state driver's license.

Compensation

Baltimore City Department of Public Works offers a competitive benefits package. Salary commensurate with education and experience.
